VOLUME SIX, NUMBER 21

BASSANO, ALBERTA, THURSDAY, AUGUST 13th, 1942

## WAYLAID BY TUESDAY'S RAIN

(From Strathearn Standard)  
Dick Cosgrave, Champion Chick  
Wrestler, and the Canadian Stampede  
were waylaid at Strathearn  
Tuesday evening by the heavy rain  
and severe electric storm. Along  
with the champion were about six  
helpers, ten horses, chuck wagons  
and equipment on their way to the  
Stampede, which was to be held  
on August 12. The men  
stayed over at the King Edward  
Hotel and shifted was finally found  
for the horses in the Stock Yards.

Some other people, overaken by  
the storm, slept in the room.

## HUSSAR NEWS

(By Our Correspondent)

Huscar, August 10.—On Thursday, August 8th, the home of Mrs. Ole Christensen was the scene of a beautiful shower for Miss Marion Sanden, who is to become the bride of Mr. Lloyd Clark on Monday, August 12th. The house was a scene of merriment. There were fifty guests present. Mrs. H. D. Brown and Miss Ruth Brown were assisting hostesses. The program consisted of several vocal selections by Misses Helen Janz and Ruth Brown. The first two sets of lilt contests were won by Mrs. C. T. Armstrong and Mrs. T. Larson, respectively. The gifts were brought in by little Miss Darlene Treacy, and the Misses Helen Janz and Ruth Brown assisted their brides. The gifts were varied, beautiful and useful, and Miss Sanden made a very pretty speech to all.

## In Police Court

John Demott of Tilley suffered from an overdoes of the Stampede spirit and was charged by R.C.M.P. with being drunk and disorderly. He was given a \$10 fine by Justice Edwards. He pleaded guilty and was fined for his misdemeanor.

## BASSANO AND DISTRICT HONOR ROLL

The Recorder would appreciate readers informing us of extra or contributions to this list of names compiled for the benefit of the Canadian Legion, some branch of the C.A.C.F. from their district.

The Recorder will be pleased to receive any copy of the Recorder is being mailed each week free of charge. Before mailing, however, a list of names, a questionnaire must be filled out, either by the soldier or by his relative or friend. This form may be secured by applying at the Recorder's Office.

The star preceded by the letter of the name is the official list of donors that a copy of the Recorder is being mailed to him each week. Readers are invited to co-operate in sending in a star. It appears before each name in the list.

### THOUGHT FOR THE WEEK

There is no sound philosophy than this embalmed in the phrase "Do It Now." It is the surest, clearest beacon-light on the rocky road to success.

The brides-to-be received many lovely presents and expressed their thanks for them.

At the close of the afternoon a delicious lunch was served by the hostesses.

Mr. L. Cadie made a business trip to Calgary this week.

Miss Sheila Reeson, Mr. and Mrs. George Fernley and son Melvin are guests at the William Fernley home.

Mr. Reni Landry of Vegreville, (nee Pauline Cador) is the proud mother of a baby boy, born August 9th.

Mr. and Mrs. M. H. Gamble and Marianne spent the weekend at the J. Heidt home at Ranier.

Mrs. C. B. Heggy is visiting at the home of her mother, Mrs. G. Thompson.

Funeral services were conducted at the home of Mrs. D. P. D. on August 8th at 3 p.m. from the L.D.S. Church at Rosemary. The Mennonite Choir was present and sang three selections. Burial took

place in the Brooks Cemetery after a song by the Choir and a short service.

The many beautiful floral tributes expressed the esteem in which the dear old man was held. He leaves many pleasant memories for those left to mourn his loss.

Pall bearers were Roy Eastman, Lynden White, Jim McHale, H. Ankrum, Jesse Adams and Frank Adams.

## AN OLD CANADIAN CUSTOM

When our pioneer grandparents had a big job to do they called in their neighbours. A barn raising brought help from miles around. Skilled barn framers took charge; sides were chosen and competition between teams lent interest to the work. This old Canadian custom was revived when Canada's National War Finance Committee was

formed and went into operation. Under the leadership of the National and Provincial Committees—men experienced in the organization and conduct of financial operations—Local Committees were formed in all communities. Cooperation and competition characterized the work. The biggest "raising" in Canada's history got away to a magnificent start.

## WE'VE GOT A BIG JOB TO DO NOW

The War goes on. The National War Finance Committee carries on. Some will serve on the committees organized to promote continued sales of Bonds, War Savings Certificates and Stamps. All of us must continue to buy these securities. We must save every dollar, every cent we can—and lend our money to Canada. We must provide the money required to carry on the war—the money required to win the war.

Our fighters must have more ships and tanks and guns and planes. They must have better ships and tanks and guns and planes than the enemy has. We must all work, and save and lend. The safest investments we can find for our savings are Bonds, War Savings Certificates and Stamps—and they will provide money for us to buy things that we will want when the war is ended.

### Plan Vacation To Aid War Effort

Planning vacations that will aid in the National rubber and gasoline conservation efforts, in view of wartime conditions, is urged by the Alberta Motor Association.

Officials point out that these are critical times and wartime vacation schedules must be adjusted to harmonize with transportation facilities and the "rationing" of fuel.

I is pointed out that the aimless and useless driving of the car consume rubber and gasoline needlessly, and is therefore to be avoided for the duration of the emergency.

"Vacations should be planned to insure a minimum use of transportation facilities," says the A.M.A. in issuing a list of travel pointers.

"They should be staggered so

that there will be an even, flow

rather than surging and slow

downing of traffic."

Vacations should have definite

objectives and avoid the "roaming"

from place to place which has been

the practice in normal times.

Present conditions that require that vacation driving, like other driving, be limited to moderate speeds. In order to save gasoline and rubber and to conserve on their automobiles, motorists on vacation trips should never drive faster than 40 miles an hour, which in fact is the maximum speed limit fixed for all parts of Canada by the Dominion Government.

### FREE SURGICAL TREATMENT FOR CANCER SUFFERERS

A step of far-reaching importance in provincial health was taken this week with the announcement of Hon. Dr. W. W. Cross, minister of health, that the provincial government is now prepared to provide free surgical treatment for cancer sufferers in the province, through the Alberta Cancer Clinic.

At the last session of the Legislature an appropriation of thirty thousand dollars was made for this purpose. Directed by Dr. G. H. Malcolmson who is recognized as one of Canada's outstanding cancer specialists.

For clinics in Calgary and Edmonton have handled eighteen hundred cases since they were opened in 1941. Up to now free diagnosis, x-ray, and radiation treatment has been given to 1,000 patients, the director only 40% of those sent to the clinics were found to be suffering from cancer. The remainder were sent home relieved of all worry. He stresses that early diagnosis and early treatment are the surest ways to eliminate the growing disease and intimates that the necessary step in the Alberta Cancer programme will be free provision of hospital facilities.

Local merchants sell War Savings Stamps. Take them in charge.

## Review of Position of Canadian Bacon in Britain And How to Hold Market

One of the most important contributions being made to the war effort by the Canadian family is the production of thousands of hogs for the purpose of providing bacon for the United Kingdom. Before the year Canada supplied not more than about 15 per cent of the total quantity of bacon sent to Britain by Canada, writes G. B. Patterson, Animal Products Trade Commissioner, in London, England, in a recent issue of the Commercial Intelligence Journal. Out of a total pre-war consumption of approximately 10,500,000 long tons of bacon annually, Canada provided in 1939, 1,367,000 cwt. Following the outbreak of war, it seemed reasonably certain that increased quantities of bacon would likely be to be imported from Canada, as the European countries were overrun by the enemy. Canada immediately became the principal source of supply. The Dominion has increased its production of bacon to such an extent during the present year that it is supplying 5,357,143 cwt., the equivalent of approximately 5,000,000 hogs, in the form of Wiltshire, ham and a small amount of other cuts.

Recently questions have been asked in various quarters, both in Canada and the United Kingdom, that would indicate some thought is being given not only to the present position but also to the future. Some of these questions and answers, therefore, are as follows:

"Is it true that all the bacon now consumed by the United Kingdom originates in Canada?"

"Official statistics have not been published since the beginning of the war, but a conservative estimate is 67 per cent."

"Prior to the war it was repeatedly emphasized in some quarters that, if Canada wished to participate in the British market to a greater extent than she was then doing, she must produce more bacon than she can sell in Canada or to Denmark. It is in its broadcast sense, that was in the real situation at that time, what is the position now that she is the principal supplier?"

"Danish bacon was favoured owing to a number of factors, chief among which was the following: the proximity of Denmark to the United Kingdom market; the high degree of uniformity of quality of Danish bacon; continuity of supply of a product that suited the taste of the majority of the British public."

"The geographical disadvantages affecting Canadian supplies in peace time have been accentuated as a result of wartime shipping

problems. Nevertheless, with minor exceptions, the Canadian product improved on the Danish product in first class condition. In general, it is of uniformly better quality, butcherizing methods have been improved, deliveries have been made as received within the limits of war regulations, shipping freights have been reduced and the buyer and consumer have expressed general satisfaction with the Canadian product. This may suggest that much of the pre-war preference for Danish bacon was a temporary one, but, in fact, during the first great period when Canada also ranked first in importance as the United Kingdom supplier, too little attention was paid to quality. Therefore the British consumer has come to prefer the return of the superior Danish product."

"Is it true, as some seem to advocate, that Canadian producers would be better advised to increase the weight of hogs delivered to the Canadian packing plants for processing and shipment as bacon to the United Kingdom at the present time?"

"No. While it may be reasonable and correct to say that the average weight of hogs might be increased slightly in order to obtain a lighter weight and unbroken pigs being delivered for processing, at the same time it must be borne in mind that once a hog has been finished at around 200-220 pounds live weight, it should, if it is the right weight, be converted into bacon which has attained the best weight at which it can be converted into the most desirable kind of Wiltshire. United Kingdom consumers have a very decided preference for bacon from Wiltshire of proper weight."

"When selecting bacon they also give him most careful consideration to the best proportion of lean to fat to suit their needs. Compared to the somewhat inferior Spanish bacon, consumers in the United Kingdom do not favor overly fat bacon; not only is it less palatable, but it is also less economical to purchase. To produce hogs of heavier weights than those being suggested, the only way is to ship hogs as far as total volume is concerned, but it would necessitate shipping a higher proportion of fat in an undesirable and uneconomical form. Aside from this, there is the additional disadvantage of this manner as an outlet for a substantial volume of Canadian bacon must remain unprofitable in the minds of all concerned."

## Winter Bees On The Prairies

(Experimental Farm News)

Wintering of bees in the prairies at the end of the main honeyflow or carried through the winter depends upon circumstances and conditions, but when bees are to be wintered three main principles should be considered: 1. Shading Colours. 2. Access to food and stores; 3. Protection from cold and wind, writes E. Van Nise, Dominion Experimental Station, Scott, Sask.

At the Dominion Experimental Station at Scott, Sask., several methods have been tried and a plan has been recommended to the average beekeeper is to use the outside wintering case. This case sits in the spray all winter and the bees are placed in the case in the early spring to profit by the cool spring weather is past.

It is well to line the wintering case with paper and allow space for at least six inches of mill shavings or dry straw chaff. The new pine will be required below and around the outside of the hives with tunnels provided at entrances. Empty supers are used above the brood chambers for convenience of feeding and bands of chalk are placed around the empty supers to insulate the supers during winter. The oilcloth on top of the frames is turned back slightly before bags are put in place for winter which allows excess moisture to escape from the spray. The bags should be placed where it is protected from the wind both summer and winter and where snow drifts will not form to completely cover the wintering cases as entrances should not be completely closed for many days at a time.

A publication concerning the wintering of bees may be obtained free on application to the nearest Experimental Station.

SEPTEMBER 2nd SET FOR DAY OF PRAYER

His Majesty the King has decreed that September 3rd, anniversary of the outbreak of war to be observed as a National Day of Prayer. It is anticipated that Canada will join with other units of the Commonwealth in observing this decree.

## NATIONAL WAR LABOUR BOARD

### GENERAL ORDER

The Dominion Bureau of Statistics has found that the cost of living index for July 1, 1942, of 117.9 (adjusted index 117) has risen by 2.4 points over the index for October 1, 1941, of 115.5 (adjusted index 114.6).

Accordingly, pursuant to the provisions of Section 34 (1) of the Wartime Wages Control Order, P.C. 5063, and subject to the general provisions of the Order, the National War Labour Board certifies that, effective from the first pay period beginning on or after August 15, 1942, the cost of living house shall adjust the amount of such house payment, and employers who are not paying a cost of living house shall commence the payment of such a house, both effective from the first pay period beginning on or after August 15, 1942, as follows:

(a) If payment of a cost of living house is being made pursuant to the provisions of Order in Council P.C. 5053.

(b) For employees to whom Section 48 (3) (a) of P.C. 5063 applies, the house shall be increased by the amount of thirty (30) cents per week.

(c) For employees to whom Section 48 (3) (b) of P.C. 5063 applies, the percentage of their weekly wage rate paid to them as a cost of living house, shall be increased by 2.4 points;

(d) If no cost of living house is being paid, the payment of such a house shall be increased by 2.4 points;

(e) For employees to whom Section 48 (3) (c) of P.C. 5063 applies, in the amount of thirty (30) cents per week;

(f) For employees to whom Section 48 (3) (d) of P.C. 5063 applies, in the amount of 2.4 per cent of the weekly wage rate;

(g) In no case shall the amount of a cost of living house adjusted as stated exceed a maximum of \$4.12 per week to employees who are not paying a cost of living house, or a maximum weekly wage rate to employees to whom Section 48 (3) (b) of P.C. 5063 applies;

(h) For employees to whom Section 48 (3) (a) of P.C. 5063 applies, and whose weekly wage rate is less than \$4.12 per week, the amount of the house shall remain unchanged;

(i) For employees to whom Section 48 (3) (b) of P.C. 5063 applies, and whose weekly wage rate is less than \$4.12 per week, the amount of the house shall be increased by the amount of 2.4 per cent of the weekly wage rate;

(j) For employees to whom Section 48 (3) (c) of P.C. 5063 applies, and whose weekly wage rate is less than \$4.12 per week, the amount of the house shall be increased by the amount of 2.4 per cent of the weekly wage rate;

(k) For employees to whom Section 48 (3) (d) of P.C. 5063 applies, and whose weekly wage rate is less than \$4.12 per week, the amount of the house shall be increased by the amount of 2.4 per cent of the weekly wage rate;

(l) For employees to whom Section 48 (3) (e) of P.C. 5063 applies, and whose weekly wage rate is less than \$4.12 per week, the amount of the house shall be increased by the amount of 2.4 per cent of the weekly wage rate;

(m) For employees to whom Section 48 (3) (f) of P.C. 5063 applies, and whose weekly wage rate is less than \$4.12 per week, the amount of the house shall be increased by the amount of 2.4 per cent of the weekly wage rate;

(n) For employees to whom Section 48 (3) (g) of P.C. 5063 applies, and whose weekly wage rate is less than \$4.12 per week, the amount of the house shall be increased by the amount of 2.4 per cent of the weekly wage rate;

(o) For employees to whom Section 48 (3) (h) of P.C. 5063 applies, and whose weekly wage rate is less than \$4.12 per week, the amount of the house shall be increased by the amount of 2.4 per cent of the weekly wage rate;

(p) For employees to whom Section 48 (3) (i) of P.C. 5063 applies, and whose weekly wage rate is less than \$4.12 per week, the amount of the house shall be increased by the amount of 2.4 per cent of the weekly wage rate;

(q) For employees to whom Section 48 (3) (j) of P.C. 5063 applies, and whose weekly wage rate is less than \$4.12 per week, the amount of the house shall be increased by the amount of 2.4 per cent of the weekly wage rate;

# Alberta Pacific Reduce Both Street and Carlot Spread

THE ALBERTA PACIFIC GRAIN COMPANY HAS REDUCED BY ONE AND ONE-HALF (1 1/2) CENTS A BUSHEL THE SPREAD IN THE HANDLING OF "STREET" WHEAT AND HAS ALSO REDUCED BY ONE (1) CENT A BUSHEL THE SPREAD IN THE HANDLING OF "CARLOT" WHEAT DELIVERED TO THE WHEAT BOARD THROUGH ALBERTA PACIFIC ELEVATORS FOR THE 1942 GRAIN YEAR.

THIS MEANS THAT NOT ONLY THE "STREET" SPREAD IN BOARD WHEAT HANDLED BY ALBERTA PACIFIC ELEVATORS WILL BE ELIMINATED AND THAT FARMERS WHO DELIVER ON THAT BASIS WILL RECEIVE THE CARLOT PRICE BUT ALSO THAT FARMERS DELIVERING "STREET" WHEAT WILL BENEFIT BY ONE AND ONE-HALF (1 1/2) CENTS A BUSHEL AND FARMERS DELIVERING "CARLOT" WHEAT WILL BENEFIT BY ONE (1) CENT A BUSHEL AS COMPARED WITH LAST YEAR'S CHARGES. THE WHEAT BOARD HAS BEEN ADVISED ACCORDINGLY.

THE WELL-KNOWN REPUTATION OF THE A.P. FOR THIRTY YEARS IS THAT IT HAS NEVER TRAILED BEHIND ANYONE IN PRICE AND GRADE GIVEN FOR THE FARMER'S GRAIN.

How to buy tea and coffee when coupons allow only a fraction of a pound is the problem before the consumer these days. Topping each temporary ration is a coupon marked A.B.C.D.E. each single coupon being good for one ounce of tea per person per week or four ounces of coffee per person per week. It is possible to use all the coupons at once to buy five weeks supply. The five coupons would be good for five ounces of tea, or for 20 ounces, which is 1/4 pounds of coffee. It would take 20 weeks to use all the coupons. Or it could be good for five ounces of tea and three ounces of coffee. Each ounce of either beverage will make 12 1/2 cups.

A family of four adults would have 20 ounces of tea per week through the five weeks. It would take 16 coupons to buy a pound of tea, and the four coupons left would buy a pound of coffee as well, or could be used to supplement the tea supply. They are the proverbial last pennies.

Country women usually have a larger household to provide for, often including a farm helper or two. The farm wife is entitled to use the ration cards of her helpers, and the same applies to children.

Rationing tea and coffee lifts the risk on shipping. The last tea imported from India took four months to reach Canada.

products are all packed and in bags of burlap, muslin or cotton, or other materials. Feeds sold in paper bags will be limited to the net weights of 5, 10, 25, 50, and 100 pounds.

The net weight of the contents must be labeled and sealed on bags or paper. Suitable packaging from burlap will register the number and weights on his invoice.

The order prohibits information being printed on bags containing feed except on the front surface, and the label must be printed and be standardized, although stacks of bags on hand and printed dies will still be utilized.
